

SYSTEM ENGINEER (MS Sharepoint)

STAM is currently recruiting a talented and enthusiastic System Engineer (MS Sharepoint) to join its office in Rome, within the Aerospace and Defence team.

**ACTIVITIES:**

By joining the STAM Engineering Solutions team, you will have the exciting opportunity to work for projects in the Military domain, focused on the Implementation of a Command-and-Control System (C4ISR).

The figure will be responsible of the MS Sharepoint solution at direct report of the C4ISR Software Architect.

**REQUIREMENTS:**

- Bachelor's degree in Computer Science or equivalent.
- 3 Years experience in:
  - Manage Content and Customization of MS Sharepoint based solutions.
  - Analysis and Implementation of Customer's requirements in the Command-and-Control domain.
  - Experience in teamwork to support the integration of the GIS solution.
- Good knowledge of the English language and, in particular, in drafting project documentation.

**WHAT YOU GET:**

- Significantly impact the organization's capabilities by ensuring effective use of MS SharePoint for collaboration, document management, and information sharing within the context of C4ISR operations.
- Working closely with the C4ISR Software Architect offers valuable opportunities for professional growth and development. You may gain insights into advanced software architecture principles, system integration challenges, and emerging technologies relevant to MS Sharepoint.
- Improve your abilities and forge a path towards a successful career trajectory.

**WORKING LANGUAGES:** Italian and English.

**WORKING LOCATION:** Rome.

**TYPE OF CONTRACT:** Full time

**WHY WORKING IN STAM:**

STAM is a fast-growing multidisciplinary engineering company, with a team of young talents involved in international projects alongside corporates, SMEs and start-ups in various fields and industrial sectors. The company has been involved in over 600 projects to date and has an ambitious development plan that requires the constant inclusion of brilliant and eager candidates and to grow professionally within a dynamic and excellent company.

STAM is a reality that puts its talents at the centre and enhances their skills and ability to shape the growth of the company, promoting the contamination of disciplines, intrapreneurship, and meritocracy.

This is a very good opportunity to join STAM'S team and to actively contribute to the development of the Aerospace, Defence and Security Area, becoming part of a company that offers great possibilities to learn and grow.

Talent development is a managerial principle at STAM, and we are committed to fostering the growth of our employees with full respect of gender balance.

**THE SELECTION PROCESS:**

Please send your CV in English to [recruitment@stamtech.com](mailto:recruitment@stamtech.com)

The received CVs will be evaluated and only the selected candidates will be contacted and invited to a job interview.
